

**Colorado**

*The Green Building Community*

SOUTHERN COLORADO BRANCH

## AUGUST EVENT

*At our New Location - The Warehouse*

### Green Power and Green Building

*Presented by Boone Jones*

In 2003 Renewable Choice Energy became the first renewable energy sales and marketing company to join the USGBC and played an integral role in shaping the Energy and Atmosphere Green Power Credit. . The presentation will give a broad overview of the history of industrial scale renewable energy development in North America, the challenges the industry faces, the renewable energy and verifiable emission reduction commodity markets and finally renewable energy's value to the green building community.

**Boone Jones of Renewable Energy Choice is the Director of Business Development for the Green Building Division in Colorado, Texas, Louisiana, Arkansas and Oklahoma**

All members of USGBC are encouraged to attend  
FREE to all USGBC Colorado Members. Non-members \$15.
